

Micil Earls Island

SINGLE POT STILL IRISH WHISKEY | 46%ABV | 700ML

A fruity, spicy Single Pot Still Irish whiskey enriched by Bordeaux red wine casks, with hints of soft turf smoke from ex-peated whiskey casks. It pays homage to the great Galway distilleries of the past, and to the Latin wine merchants of old who made the city their home.

All component whiskeys were sourced from Great Northern Distillery, Co. Louth.

Micil Earls Island Creation:

Taking inspiration from the Pot Still whiskeys of the past produced in Galway city, we wanted to interlace Pot Still whiskey with a hint of smoke reminiscent of Connemara fuisce and with a wine influence suggestive of the many casks that landed in Galway port throughout the 17th, 18th & 19th centuries.

The initial component selected was:

- 100% Triple distilled Pot Still matured in ex-bourbon

This component was subsequently filled into casks which we provided to create Micil Earls Island. After a 9 month finishing period, these components were vatted/blended together before being cut to 46%ABV for bottling.
